# TEST STAND for FORCE GAUGE

Model: FS-1001 *ISO-9001, CE* 

# **FEATURES**

\* Optional; test stand, be connected with FG-5000A, FG-20KG, FG-5000A-232, FG-20KG-232, FG-5005, FG-5020. FG-6005SD, FG-6020SD FR-5105, FR-5120 whole system will be a useful tool for material's tension and compression analysis.

\* Size: 650 x 250 x 230 mm.

\* Net Weight: 6.9 Kg.

The Art of Measurement

# **TEST STAND for FORCE GAUGE**

Model: FS-1001

## 1. FEATURES

*	High-strength materials are durable and safe
*	Easy to install and easy to operating
*	Tension test analyzer.
*	Compression test analyzer.

## **Specification**

Applications	Tension or Compression test.
Operating	0 ~ 100 Kg/ 220.4 LB.
Test Range .	
Operating	0 to 50 ℃.
Temperature	
Operating	Less than 85% R.H.
Humidity	
Overload	120 Kg/ 264.5 LB.
protection	
Test Stand	
Weight	6.9 Kg/ 15.2 LB.
Test Stand	
Dimension	650 x 250 x 230 mm ( 25.6 " x 9.8 " x 9.0 " )
Accessories	Instruction manual 1 PC.
Included	
Optional	* WEDGE GRIP ( Force gauge test stand )
Accessory	( 65 x30 x 20.6 mm ), Model : WG-01
